RUSSIAN RETREAT REACHES SERETH LINE; GERMAN PROGRESS CLAIMED ON WESTERN MOLDOVIAN FRONTIER

MEXICAN SITUATION GRAVE, SAYS CARRANZA SPOKESMAN; COMMISSION MAY CEASE WORK

Unless von Mackensen is Halted, Bessarabia Lays Open to Invasion

MINES PLANTED CLOSE TO BRITISH HARBORS

(The Associated Press.)
Reports today indicate that the Russians in Rumania have virtually reached the Sereth line, to which they have been retreating.
Berlin announces that Field Marshal von Mackensen's army is now before the Sereth line. The Sereth line extends from the Danube between Braila and Galatz, northward through Moldavia. Here, according to indications, the Russians hope to halt von Mackensen's advance. Failure to do this, it is pointed out, would expose the Russian front from Galicia southward to a turning movement and would lay Bessarabia open to invasion. Apparently the Teutons are prepared to make a strong effort to break this line.
Berlin records smashing attacks at several points and also announces further progress on the Russian right flank along the western Moldavian frontier, especially near Suchitza and Paltin.
Other fronts are reported comparatively quiet.

TEUTONS HAVE SUNK 196 WARSHIPS SINCE WAR BEGAN

(The Associated Press.)
BERLIN, Jan. 3.—Hostile warships to the number of 196 have been sunk by the Teutons since the war began, according to the Semi-Official News agency. This includes torpedo boats and submarines. The report says the tonnage of the war ships sunk amounts to 759,430. The British losses are declared to have been 125 vessels totalling 565,200 tons.

POWERFUL MINES PLANTED AT ALL BRITISH HARBORS

(The Associated Press.)
NEW YORK, Jan. 3.—German mines containing exceptionally high explosives have been planted close to all the harbors of England, Scotland and Wales by submarines, according to newspapers arriving today on the New Amsterdam. They said the British trawler which was swept from the Falmouth channel so that the New Amsterdam could enter was blown to pieces by one of the mines.

GERMANS NOT SURPRISED AT REPLY OF ENTENTE

(The Associated Press.)
BERLIN, Jan. 3.—The Entente reply to the German peace proposals is only what was to be expected in view of the utterances of hostile newspapers, is the opinion expressed in morning newspapers here. The Entente is generally expressed that the note was addressed more to the Entente's peoples and neutrals than

to the Central powers. It is agreed that the only possible answer is to continue the war until the Entente sues for peace.

RUSSO-RUMANIAN ATTACKS REPULSED WITH HEAVY LOSSES

(The Associated Press.)
BERLIN, Jan. 3.—The Teutons have captured Barsescl and Topescl on the Moldavian front, it is officially announced here. Russo-Rumanian attacks were repulsed with heavy losses.

SUBMARINE TORPEDOES FRENCH WAR VESSEL

(The Associated Press.)
BERLIN, Jan. 3.—A dispatch from Milan to a Zurich newspaper says a German submarine torpedoed the French battleship Verite near Malta, says a semi-official News agency dispatch. The Verite was badly damaged.

"LEAK" RESOLUTION IS REFERRED TO COMMITTEE

(The Associated Press.)
WASHINGTON, Jan. 3.—The resolution for a special investigation of the charges of "leaks" regarding the president's peace note plans was referred to the house rules committee, which was ordered to report within 10 days.

INCREASED SERVICE ON FLAGLER SYSTEM

NEW SCHEDULE AT MIDNIGHT THURSDAY

TWO TRAINS HAVE BEEN ADDED THAT WILL AFFORD A FAST NIGHT JOURNEY TO ALL POINTS ON EAST COAST.

The Florida East Coast railway for the season of 1917 will inaugurate the most elaborate and complete passenger service in the history of the Flagler system. There are to be six through trains each way daily, making twelve through trains, operating between Jacksonville and Miami. There will be two each way running on through from Jacksonville to Key West. There are two new trains, one each way, Nos. 35 and 36, that will offer the fastest schedule on the road. The present trains, Nos. 37 and 38, are placed on a slower schedule, making all local and express stops, while Nos. 35 and 36 will make stops only at important points. The new schedule will go in effect at midnight tomorrow, January 4th. The list of trains in the order of their departure from Jacksonville is as follows:
Palm Beach Limited, No. 33 South,

and No. 34 North, southbound, leaves Jacksonville at 9 a. m., arrives at Daytona, 12:50 p. m., arriving in Miami at 10:20. Returning it will leave Miami at 7 o'clock in the morning, arriving at Daytona at 4, and Jacksonville at 8.
The local and mail train is No. 29 southbound and No. 30 northbound. It will leave Jacksonville at 9:30 in the morning, arriving at Daytona at 1:35 in the afternoon, and Miami at 12 midnight. Returning, it will leave Miami at 5:20 in the morning, arriving at Daytona at 3:43 in the afternoon. It will reach Jacksonville at 7:50.
The Oversea Limited, No. 85 southbound, and No. 86 northbound, will leave Jacksonville at 1:30 o'clock in the afternoon, arriving at Daytona at 5:15, and at Miami at 2 in the morning and at Key West at 8. Returning, it will leave Key West at 6:30 in the evening, arriving at Miami at 12:20 a. m., at Daytona at 9:41, and will reach Jacksonville at 1:30 in the afternoon.
The New York and Florida Special, No. 87 southbound and No. 88 northbound, leaves Jacksonville at 3:30 in the afternoon, arriving in Daytona at 7:47, and Miami at 4:40. Returning it leaves Miami at 11:30 at night, arriving in Daytona at 8:32 a. m., and Jacksonville at 12:30 p. m.
The new train this winter, the Seaboard Florida Limited, No. 35, will leave Jacksonville at 8:15 p.

REGISTRATION BOOKS CLOSE SATURDAY FOR FRANCHISE ELECTION

LONG DISTANCE FRANCHISE WILL COME UP FOR RATIFICATION JAN. 16.—WILL MEAN IMPROVED LONG DISTANCE SERVICE.

The city registration will close next Saturday. Those persons not already registered who desire to participate in the special election to be held January 16 at which time the franchise of the American Telegraph and Telephone company will be ratified or rejected must register before Saturday.

Jacksonville has granted the company a similar franchise to the one passed by the city commissioners of Daytona and there seems but little likelihood but what the franchise will be ratified by the electors of Daytona by a large majority, as there seems to be little objection to the franchise.

The line along the East Coast to Key West is now practically completed, cities along the coast having granted the company franchises to pass through the various municipalities. Only one franchise remains to be secured, and that is in Daytona. The election here will be held January 16, and as the sentiment is overwhelming in favor of the project, the franchise will be ratified as has been the case in all other municipalities.

It will also mean linking Cuba via telephone with the United States, which has for some time been the dream of the telephone builders. The franchise asked for merely gives to the company the right to build a line, which will be used only for long distance service, the other franchise along the coast already ratified, being for the same purpose.

REPORTS PERSIST U. S. EXPEDITION WILL BE WITHDRAWN

(The Associated Press.)

QUERETARO, Mex., Jan. 3.—The international situation between Mexico and the United States is grave, so Former Secretary of Public Instruction Palavinici told the Constitutional assembly here today. Palavinici has often been the spokesman for Carranza and his statements are given more than usual weight. He said that Carranza had refused to resume the conferences with the United States until the American forces are unconditionally withdrawn. He urged the assembly to rush its work.

COMMISSION WILL PROBABLY NOT RESUME CONFERENCES

(The Associated Press.)

WASHINGTON, Jan. 3.—The American members of the Mexican-American commission today began drawing a reply to Carranza's last communication. It is officially admitted that Carranza refused to approve the Atlantic City protocol.

Circumstances lead to the belief that the commission will cease its work and that Henry P. Fletcher will be sent to Mexico City as American ambassador. Reports persist that the American expedition will be withdrawn.

WASHINGTON, Jan. 3.—President Wilson plans to confer with the American members of the Mexican-American commission late this afternoon.

BRAID, PROFESSIONAL GOLFER, STILL LIVES

NEW YORK, Jan. 3.—Followers of golf throughout the United States and Canada will be glad to learn that the reported death of James Braid, the famous Scotch professional, was based upon a case of mistaken identity and that Braid is very much alive and looking forward to the time when conditions abroad will permit him to visit this country and play in a series of exhibition matches.

Early in the month of December a short sketch from London announced that James Braid, the famous golfer, had been killed while boarding a moving train in the Waterloo station. It further stated that Braid had been thrown backwards from the train and had died on the way to the hospital, apparently from a fractured skull. The report was given wide publicity and it was not until recently that it was learned that the man killed was not the open champion of 1901-5-6-8-10. The James Braid who was killed in the manner described was a professional golfer employed by the South-sea club and so far as known no relatives to the James Braid who with Ray, Vardon, J. H. Taylor and one or two other players, stand out as the most famous exponents of the ancient and honorable game.

When hot add the filling and cook five minutes, stirring all the time. Sprinkle with chopped celery tops. Be sure the duck is dry before putting in the filling. BIG DOUBLE BILL AT NEW DAYTONA THEATER THURSDAY

McMahon & Jackson will present Paul Swan and associates in "Diana, the Huntress," at the New Daytona Thursday afternoon and night.

Every moment in this drama is an exquisite picture in itself. The nymphs in their classic dancing, present a symphony in grace and motion, which reaches its artistic climax in the mist dance and the fine art poses from the Old Masters.

The appearance of Diana and Apollo before the Court of Jupiter will bring to mind the exquisite coloring of Alma-Tadema. The punishment visited upon Acteon by Diana, for his intrusion at the bath, his tragic fate, transformed into a stag, pursued and finally destroyed by his own hunters and dogs, will inspire the most exacting seeker of tragic-psychology.

Rosie O'Grady was a ray of sunshine in the midst of the dreary ugliness of the tenement in which she lived. Real romance was not for her. So she dreamed of wonderful and thrilling experiences and life became not so drab after all.

Little Rosie lived in the fierce, throbbing maelstrom of the East Side and her career consisted of being first assistant and general manager of her big brother "Chimmie's" newsstand. "Chimmie" was Rosie's hero until she noticed the picture of "Cyclone Johnny" Allen, pride of the East Side, and middleweight pugilist of champion aspirations.

Taking care of Rosie was "Chimmie's" mission in life. He was a prizefighter fan, but his life with Rosie had kept something fine in him bright and shining. To his eye, a few photographs of future "champs" made the most decorative of art galleries. Rosie managed to put a few feminine touches here and there among the "white hopes." The O'Grady living room was a dismal place to live in even at best but somehow Rosie and "Chimmie" managed to have many good times in it.

In the meantime sweet Rosie O'Grady kept on falling in love with the picture of "Cyclone Johnny" Allen. One unforgettable day the hero of her dreams actually stopped at the newsstand and bought a paper from Rosie while her brother was away, but he was all unconscious of the havoc he was causing in the heart of the little girl who sold him the paper.

This was a red-letter day for Rosie. All the way home she dreamed of meeting with the great "Cyclone Johnny", whose name was on all of the sporting pages, and when she fell asleep, wearied with the long day in the cold, she kept on dreaming.

She was talking with "Cyclone Johnny" at the newsstand. Apparently, he liked the little "newsy" and she distinctly heard him say that, if she ever needed help, she could count on him. Rosie felt considerably better after this offer of assistance for she had often wondered how she could get along if anything ever happened to "Chimmie".

Then it happened. A bar-room loafer insulted her and she turned to her brother with a cry of outraged modesty. "Chimmie" avenged the insult and received a knife-thrust. Then followed doctor's bills, which Rosie could not meet with her scanty savings. In desperation she went to "Cyclone Johnny". He proved a friend in need as he had said he would.

Broader and deeper grew Rosie's hero-worship until it became love for the prize-fighter. She saw him as champion of the world, pictured the scene at the ring-side, and saw the returns, round by round, as they came in on the tape in the corner saloon.

The remainder of the plot centers about the wonderful romance of Rosie, a trip to Europe, and the biggest battle of "Cyclone Johnny's" career. But the story of how the imaginative little "newsy" found both love and adventure is best told on the screen.

These two pictures will be shown at the New Daytona theatre Thursday January 4th, afternoon and night.

"THE COUNTRY THAT GOD FORGOT"—CRYSTAL THEATRE

Manager Henry T. Titus of the Crystal theatre takes pleasure in announcing the presentation of the Selig Red Seal play "The Country That God Forgot," on Thursday, January 4th, afternoon and evening. This thrilling drama of the western desert was written and directed by Marshall Leelan and features Tom Santschi, who is ably supported by such well-known stars as Mary Charleston, George Fawcett and Victoria Forde. Helen Brant, wife of Steve Brant, a miner, much older than she, longs for the pleasures of the world beyond the country that God has seemingly forgotten. It is a lonesome, deserted country, and the only thing that it produces is virgin gold. Finally there comes the tempter, a paymaster in the government reclamation service, who softly whispers in pretty Helen's ears. She agrees to fly with the tempter. And then her husband discovers her intention. He does not interfere, but hides a sack of his gold, the fruit of years of labor, in her effects. He wants the girl to be happy. And after Helen leaves it is discovered that her companion is a thief, that he had stolen the government pay roll. Steve Brant leads the pursuit. Helen and the stranger are overtaken, but not before the woman realizes what a terrible mis-

take she has made. Finally a great punishment comes to the tempter, and a great joy to Steve Brant. MORE GRIEF AT JACK LONDON'S DEATH THAN AUSTRIAN EMPEROR

(Associated Press Correspondence.)

STOCKHOLM, Nov. 30.—More space was given to Jack London by the Swedish papers than to Emperor Francis Joseph, news of whose death was received at almost the same time. Long biographies, profusely illustrated, were published by most of the papers, and genuine sorrow was displayed generally at London's death.

No other contemporaneous American author was as popular and widely read in Sweden as Jack London. Twenty-four of his stories have appeared in translation since 1907, and sales have reached nearly 250,000.

London once told his Swedish publisher, according to the latter's statement, that, considering population, his books were more widely read in Sweden than anywhere else.

FIRE CHIEF FRENCH GIVES GOOD ADVICE TO GENERAL PUBLIC

AMONG OTHER THINGS, PEOPLE ARE ASKED NOT TO PARK AUTOMOBILES IN FRONT OF FIRE HYDRANTS.

Chief W. E. French, of the Daytona Fire department, in a recent interview issued a word of warning to Daytona people in which he tells them of their carelessness in certain matters pertaining to fire protection.

"In the first place," said the chief, "People are not aware that firemen are always on the job and never have any kind of a holiday. They are always on duty and keyed up to concert pitch night and day. People do not stop to think of the firemen's life of confinement at the engine house."

The following advice to the public is given by Chief French in hopes that there will be fewer fires and that those which do come may be better fought.

"Do not leave any trash or debris about your store, in your yard or in your residence. Trash is always a fire hazard."

"Ashes placed in a wooden box and placed on the back porch are also a common cause of bad fires."

"Never park your automobile in front of the fire hydrant because the plug is liable to be wanted in a hurry. It is not advisable to race to the fire with the apparatus. You might get there first? At the present rates, such a race will cost you \$50 in the city police court."

"Bear these things in mind, use common sense and stand by your firemen."

Niagara's Rainbow.

That rainbows are often seen across the mists of Niagara falls is a fact, but we do not think the phenomenon is as perfect, that is to say, as distinct, as the bow sometimes seen across the heavens. It is distinct enough, however, to be called a rainbow.

Money Leaks Out If Heat Leaks In

It is no more wasteful to carry water in a leaky pail than it is to keep ice in a refrigerator that is a regular heat-seeker. The Automatic Refrigerator keeps the heat out and the cold in. It is a little higher in price than cheaper made refrigerators, but the most economical refrigerator you can buy. It pays back its cost many times in saving of ice. Let us show it to you.

aged at fires and for helping firemen injured in doing their duty. He ought to remember that this same question was discussed and voted down at a meeting of the fire department before the beer parties were unearthed to the public. The chief is bringing this question up at an excellent time as the Daytona Beach council recently provided for every man attending and doing work at the fires, to be well paid for all services. The only reason firemen have not been paid heretofore is that their names have never been turned in to the council as they should have been.

If the ladies of the library gave an entertainment for the benefit of the library would those attending expect them to use the money for a party even if they didn't serve beer?

As to whether I attended these parties, I can say that I only went to one of them and did not partake of any of the repast as Mr. Johnson says. I went just to ascertain if the parties had any bad effect on the members and it is probably well that this observation was left out of the letter. At every meeting when the subject of beer buying has been broached I have, with several others, talked myself nearly hoarse against it.

If, as Mr. Johnson says, I am guilty as the others, it does not stand to reason that I should come out to fight a thing which I had done as well as the rest. If the public thinks I am guilty I'm not afraid to declare myself against the misappropriation of what are practically public funds.

Very Respectfully,
JACK B. STROTHER.

MOTOR PARTY RETURNS FROM THE WEST COAST

Mr. and Mrs. C. E. Davidson and family, of Mount Claire, W. Va., who left their winter home on Atlantic avenue, Seabreeze, last week for a trip to the west side of the state, came in on their return Tuesday afternoon. They visited Tampa and St. Petersburg, going by one route and returning by another. They found some of the best and some of the worst roads in the state on their trip, which covered about five hundred miles. They decided that while they like the East Coast better than the west and while they had a very pleasant trip were glad to be home again.

HUNTING PARTY LEAVES FOR LAKE OKEECHOBEE

D. F. Fuquay and party of six friends left in two automobiles, Tuesday morning for Lake Okeechobee and vicinity for a few days hunting and fishing trip. The party was very well equipped with supplies and fine guns. The part of the state to which the party went usually abounds with large and small game at this time of year. Numbered in the party were some of the best hunters of the peninsula, men who seldom visit the woods without bringing home at least one deer and six or seven wild turkeys.

AKRON MAN RETURNS SOUTH TO ENJOY ANOTHER WINTER

George G. Allen, of Akron, O., arrived Sunday from his northern home in Akron, O., to spend the winter months at his beautiful California bungalow on the corner of Grandview avenue and Ocean boulevard.

FURTHER LIGHT IS THROWN ON FUND MISAPPROPRIATION

JACK B. STROTHER REPLIES IN FULL TO LETTER FROM FIRE CHIEF E. E. JOHNSON, OF DAYTONA BEACH.

The following letter was received at the News office today and will be of interest to the people of the peninsula:

Editor Daily News, Dear Sir:

In the January 2nd edition of the Morning Journal a letter was published from the chief of the Daytona Beach fire department, criticizing my letter of resignation as unjust and misleading. I notice, however, that he fails absolutely to refute any of the charges made against the department. The records of the organization during my term of office as secretary and treasurer, show the source of the receipts and the disbursements which passed through the hands of the department and anyone may see them.

As all of our citizens know, the Slippery Gulch carnival to which Mr. Johnson refers and the card parties given by our good friend Mr. Ayres, of the Daytona Beach hotel, were advertised as being given for the fire department with the special purpose of purchasing suits for the firemen. I feel sure that, had the citizens of the town known that the proceeds from these entertainments were to be used to stuff the "insides" of the members, they would not have supported entertainments in our behalf. Few of the Daytona Beach people realize that the firemen's suits were not paid for out of this money but that it came out of the general taxes and that the fire department voted to return these suits, rather than pay the interest on the cost until the town had sufficient funds. Do the people know that a warrant from the town of Seabreeze for services of the local department, is also a part of the fund that is being used for liquid and solid refreshments? The apparatus wears out just as much in fighting Seabreeze fires as in fighting any others. Filling the paunches of "the boys, to create more interest in the department," will not go very far toward the purchase of a new truck when the present one falls to pieces. Why not put that \$25 warrant with the amount set aside for the department in the annual tax budget where it belongs?

Mr. Johnson speaks of setting aside a fund for paying for clothing dam-

Mr. and Mrs. G. W. Guard, of Norwich, Conn., arrived Monday afternoon from their northern home to spend another winter at their cozy bungalow in Marshall Park.

C. H. Smith and sister, Mrs. Avery, arrived recently to stay for a few weeks at the home of Mrs. Avery's daughter, Mrs. Wokcott, at her home on Silver Beach avenue, Daytona Beach.

Orlando Warner, who has been visiting at the home of his uncle and aunt, Mr. and Mrs. N. C. Sears, on Peninsula drive and the river front, left Tuesday morning on his return to the state university at Gainesville, Fla.

Miss May Davidson, who has been visiting for several weeks at the home of her sister, Mrs. N. C. Sears, at the fine Sear's home on Peninsula drive and the river front, left yesterday morning on return to her home in St. Louis.

Miss Ruth McDaniels came over from Sanford, Monday to spend a few days at the home of her friend, Miss Helen Keating on Seabreeze avenue. Miss McDaniels has a number of other friends here whom she met in the summers when she has visited the beach.

Gerald Froemke, of Ann Harbor, Mich., and brother, Maynard, of Ithaca, N. Y., were visitors to the beach for a few days this week. Both of these young men were former residents of the beach and attended the Seabreeze-Daytona Beach school at one time. Their friends here were pleased to see them again. Both are now attending college and are making good with their work. They both attended Rollins academy for several years after leaving Daytona Beach.

SIX FOOT RATTLER IS KILLED BY RESIDENT
W. J. Harvey, of Carsonville, Mich., who has a cozy bungalow home for the winter on Orange avenue, and friend, W. C. Vivian, killed a diamond back rattlesnake on the ocean beach while returning from a day's fishing trip to the Mosquito Inlet. The snake was more than six feet long and was one of the largest that has been caught on the peninsula for several months.

The members of the fishing party had very good success at catching fish as well as reptiles and returned to their home here with enough to supply themselves and all their neighbors with a supper.

Mr. Harvey is well known as a disciple of Isaac Walton as he often spends entire days in fishing. He is also usually successful in his efforts.

This Gorgeousness From the Orient

Design from A. A. Vantine Company, New York.

A WONDERFUL garment in this kimono, wrought in pastel shades of red, gray and blue, its unique point being the broadened edges. Kimono, clouds, waves and other sea things are all wrought into a miracle of harmony.

A dainty chemise of crepe de chine is devoid of any trimming save a lacing of satin ribbon in self color up the front.

For the slender figure Paris has sent forth a dainty tunic of flesh pink muslin, having two ruffles of the material placed all the way round the

top and another narrower one about the lower edge, which comes just under the bust line, the model being empire in style.

Dainty handkerchiefs with queer mottoes, figures or flowers embroidered in one corner in many pleasing colors are seen.

A Paris made nightdress of fine lawn is trimmed with cartridge plaited bands and rose faille ribbon. A cartridge plaited band is placed at the hem, with narrower bands to outline the top and to form the shoulder straps.

ANNA MAY.

Daytona is to eclipse itself during the season of 1917, just beginning in the way of social affairs and doings, judging from the number of parties, dinners and dances which are to be given by the society elect of this flourishing winter colony.

In a great measure all society doings seem to have their beginning at the Palmetto club. Daytona's beautiful home for its club women literally, civically and socially bent. This is indeed natural for what could be a more delightful setting than the simple and artistic beauty of this handsome clubhouse. Spanish in its outline, rich and harmonious in its furnishings and decorating, but chief and dominant, American and hospitable in its atmosphere.

Judging from a swift perusal of the club's 1917 Year book the season will be radiant with interesting and instructive events. Mrs. Nathaniel C. Sears, the new president, in whose care the destinies of the club have been placed for the next two years, is a woman of exceptional ability with a wide experience in club work. It is a foregone conclusion that the club will materially benefit by having Mrs. Sears as its head, because of her keen perception, of the needs of the club and its members, her fine personality and rare ability shown upon the platform. As one of the members of the club expressed the sentiment of the members "we are indeed proud of our new president, and are always ready to linger over her every word when she addresses us."

A regular meeting of Live Oak chapter No. 1 O. E. S. will be held in Masonic hall on Orange avenue on Tuesday January 9th, at which meeting initiation and installation will take place. All visiting members will be welcome.

The regular monthly meeting of the W. C. T. U. was held in the Sunday school room of the Baptist church on Friday of last week and was well attended by the members. After the regular routine of business a very interesting program was carried out, both literary and musical.

Society young folks of Daytona, Daytona Beach and DeLand will be represented at the dance which Miss Ethel Sholtz is to give her friends at the Nautilus casino at Daytona Beach on Friday evening, January 5th. About one hundred invitations have been sent out. This is a yearly social function, and the Sholtz hospitality which is well known to the guests makes anticipation doubly keen.

It is indeed pleasant to learn that Mrs. Eleanor E. T. Weaver of Newburgh, N. Y., who has spent a number of winters in Daytona will again be a winter guest at the Ridgewood hotel, where she has engaged apartments for the season. Mrs. Weaver as president of the Palmetto club during the years of 1907 and 1908 distinguished herself, displaying uncommon ability in the conducting of the thriving affairs of the club. Last winter Mrs. Weaver very generously donated

\$200 to the club. Mrs. Weaver is at the present time a vice president of the club. Her many friends and admirers are anxiously awaiting her arrival which will be in the near future.

JOHN W. FOSTER AGAIN ELECTED TO IOWA SENATE

John W. Foster, president of the First National bank of Guthrie Center, Iowa, and well known here, when writing the News December 27th, in relation to subscription, added: "I was elected to the state senate again at the last election for another period of four years and this necessitates my spending the winter, at least his year in Des Moines, but I propose to keep in touch with Daytona and expect to be on hand there next season." While congratulating Mr. Foster on his reelection, friends here will regret that it prevents his coming here for the winter.

WILBUR BY THE SEA

WILBUR-BY-THE-SEA, Jan. 2.—The pretty winter home of Harold Eaton, has been remodeled, and is now ready for occupancy. Mr. Eaton, who is a director in the J. W. Wilbur company, Inc., and Mrs. Eaton, who is a popular society lady in Boston, have many warm friends who are looking forward to their return.

Edward Healey, of Brookline, Mass., is among the recent arrivals at the Toronita hotel, and will assist J. W. Wilbur, as in the past. Mr. Healey says he left a severe storm behind and is glad to return to the beautiful city of Wilbur-by-the-Sea.

A fishing party consisting of R. G. Craighead, C. A. Hurd and N. F. Emmons made a very successful catch of fish Monday, and in addition to the many appetizing dishes served by the Toronita chef, will be a large variety of sea food.

Alfred Smith who has charge of the Wilbur bus line has been kept very busy day and night of late, as many tourists from Daytona are forming parties sight seeing tours to Wilbur-by-the-Sea.

A. P. Gilman has quite a collection of Indian relics which have been picked up from time to time, in the vicinity of Wilbur-by-the-Sea which proves the Indians, too, thought Wilbur-by-the-Sea an ideal vacation spot.

Norman McHattie of Butte Falls, Penn., arrived at Wilbur-by-the-Sea Wednesday and will stay at the Toronita hotel for some time. Mr. McHattie, who is a large commission merchant was seriously injured in an automobile accident, and has come here to recuperate.

Miss Clara Wolff, of Freedom, Pa., is registered at the Toronita hotel for the season. Miss Wolff is the daughter of the proprietor of the Saint Clair hotel, where she is very popular.

Many bathers may be seen at Wilbur-by-the-Sea, daily playing golf on the sand before taking their plunge in the surf.

Mrs. J. P. Carr has been elected president of the W. I. S. H. club, and as she is a very prominent club woman of Boston, is well fitted for the office.

Dr. George, pastor of the Congregational church of New Smyrna, accompanied by Mrs. George were Wilbur visitors Monday.

Many people from Wilbur-by-the-Sea attended the dance at the Casino Burgoyne Monday and were served a dutch lunch on their return by Miss Piper.

Spiritual Triumph.

The guest who insists on the host that his allotment of beefsteak was delightfully tender, but that the knife was a trifle dull, provides an illustration of the often used expression, a triumph of the spirit over the flesh.

The Optimist

Devoted to Cheering Up the
"Land of Sunshine."

(By Gene Jones.)

Here's another definition submitted to us of an optimist. "An optimist sees the cruller and a pessimist only sees the hole!"

There are several advantages in being a citizen of these United States beside paying taxes. E. E. Johnson, chief of the Daytona Beach Fire department rightfully uses such an advantage through the medium of the Morning Journal in declaring an article unjust and misleading which appeared in the Gazette-News on December 26th.

Chief Johnson surely did the correct thing. When a man finds himself in a box he's naturally got to climb out the top, or if the box is too high, he can "bust" open the side. We are not condemning the action of Chief Johnson or the Daytona Beach fire department. Oh, no! We've only heard one side of the story even after reading the chief's article. We feel sure there is another side modestly concealed by the department. We should be glad to give that other side publicly—if we could discover it.

Let us quote a selection taken from the literature of Chief Johnson. "During the last year the fire department has given three banquets, the cost of the parties being about \$7 each. The object was to bring the boys out and create more interest in the department. I think this was well spent as these parties were well attended and thoroughly enjoyed by the firemen and invited guests. The department had a right to spend this money any way it chose."

Of course it had! Oh, gentle reader, we are always putting our foot in it and kicking over the bottle. Chief Johnson also adds Jack Strother attended most of these "parties" and "enjoyed his share of the refreshments." Jack, how could you? We are glad the firemen had a good time. Certainly, if the money raised from the pockets of the public is given to the department, certainly it should be used for beer or anything else the brave fire-eaters wish. The organization is a volunteer one, risking life and limb for the property of its fellow citizens. What better thanks can we offer than the wherewithal to purchase beer? Nevertheless, we have a sneaking hunch that Jack Strother is on the "wagon." How about it?

THE LIGHT OF THE SOUTH.

There's a light that you find more joyous than day,
Elusive, yet tearing your smugness apart;
You cannot describe it except when you say,
It's the light that is warming your heart.

When the sun slips behind the Everglades' screen,
Clutching the clouds with its ragged hand,
Lonely palmettoes twisted and lean,
Bask in the light of a Fairyland.

Where the beach like a strip of molasses rolled cold,
Slides out to meet the whispering sea,
As smooth as a floor yet sparkling with gold;
There's a light straight from Heaven that's calling to me.

Even when Northerners run grey on the coast,
Touching the dunes with their hurrying tips,
While far out at sea the whitecaps boast
A challenge to sailors and ships.

There's a light cold and dim that's painting the sand
Where the gulls and the seabirds run,
Like the frozen fear of the mid-night land
Stark dead 'neath the mid-night sun.

And then, when the rays of the truant orb
Peek fleeting at you through a careless cloud,
Turning to blue the great grey daub,
And lifting the ocean's shroud,
You gasp at the miracle worked in the skies;
You believe in a God and you quail,
You hurriedly wipe the salt from your eyes

To watch for the end of the gale.
You may talk of the lands of the northern climes

With their sleet and their mantle of snow,
Of Alaskan sleigh-bells and Norman-
dy chimneys,
Of the spots where cold winds blow,
But take a trip south to the land of surprise
When you tire of cold by-and-by;
To the land where the charm of the sunset lies
Spread out in the Southern sky.

MISS KATHERINE C. GANLEY

AGAIN WITH NEWS FOR SEASON

Miss Katherine C. Ganley, who was last season associated with the News and so acceptably reported the social events in the city and vicinity and the news of the hotels, is again with the News for the season, having arrived Sunday. Miss Ganley made many friends last winter who are pleased to see her again this season and are extending to her a cordial welcome. During the summer months Miss Ganley was engaged as society correspondent for the North Shore Breeze, published at Manchester-by-the-Sea, Mass., and also represented Ocean Side hotel, Magnolia, Mass., with that publication. Later in the season she did special work for the Boston Post, but came south from her home in Lawrence, Mass., where she had been spending a few days with her parents and other members of the family.

SEVERAL FINE BOATS TIE AT YACHT CLUB

PLEASANT CRUISING WEATHER BRINGS IN NUMBER OF BOATS ON WAY TO MIAMI AND SOUTHERN WATERS.

The dock of the Halifax River Yacht club was so crowded by visiting craft this morning that no room could be found for another boat. Numbered among the present visiting yachts are several very beautiful boats, all of which are on their way south to Miami.

The largest and most splendid yacht was the Ibis, owned by F. F. and W. F. Chrysler, of Greenport, L. I. and New York City. The owners were aboard and on their way to Miami and had stopped here Tuesday afternoon to obtain needed supplies. This boat has a 60-ton displacement, is 70 feet long, 17 feet beam and draws nearly three feet of water. She was built in Camden, N. J., in 1912 by the Mathis Yacht Building company, and is equipped

with two 120 Standard gas engines. This boat is one of many to visit Daytona during the present season.

The Harman, of Jacksonville, a boat of 45 feet length and 14 foot beam, owned by Harold Weston, was tied to the dock, Tuesday for a day's stay. This yacht was bound for Miami. It was built in 1914 at Morris Heights, N. Y., and is equipped with two 200-horsepower gas engines.

The Greenpeace, a fine yacht owned by J. Kintredge, of Cleveland, Ohio, came to Monday for a few days at Daytona. This boat is on its way to Miami in charge of Capt. Anderson. It is 55 feet in length and 13 feet wide, and draws four feet. It was launched in 1911 at Port Clinton, O., and has a 6-cylinder Sterling engine.

The Jemita, a beautiful 70-foot boat, of New York City on the way to southern waters, tied for the night at the concrete bridge draw and left early this morning for the south.

The Silhouette, a fast, 34-foot motor launch, accompanied by its owner, L. Q. Jones, of New York City, arrived Tuesday afternoon from Jacksonville, and left today for Miami. This little boat has a 4-cylinder Van Blerck engine and was shipped by rail to Jacksonville.

The Sunbeam, a 24-foot motor yacht, came in New Year's day from Lyn-

brook, L. I., to spend two or three weeks at Daytona. The owner, A. J. Miller and party, left their northern home in November and have been cruising down the coast. They expect to continue further south after their stay here.

BRONZE BUST FAILS TO ARRIVE FOR BIRTHDAY OF LATE COMM. BURGUYNE

It had been hoped that the bronze bust and pedestal of the late Commodore C. G. Burgoyne, which has been ordered by Mrs. Burgoyne to be placed in the center of the Casino promenade, would arrive and be in place by today, which is the anniversary of the late commodore's birth.

The bronze bust is completed and ready for shipment but its six-foot pedestal has not been started and will not be in readiness before at least three weeks. The mason work will be done by A. Vaude Vord, who will soon make everything in readiness for the arrival of the monument.

mi. and run through without stops to St. Augustine, arriving there at 9:15 a. m. and departing at 9:35 p. m. It is due at Daytona at 11:40 p. m. and Miami at 9 a. m. This makes the running time from Jacksonville to Miami only three-quarters of an hour over

twelve hours. An allowance should be made for the half hour spent at West Palm Beach and Palm Beach in making the stops at the large hotels at Palm Beach.

Returning train No. 16 will leave Miami at 7:00 p. m., arriving at Daytona at 9:00 a. m. and reaching Jacksonville at 9:30 a. m. This makes a thirteen-hour schedule.

The last train out of Jacksonville at night will be No. 17, the Key West Night Mail and Express, making all local and express stops, leaving at 8:30 p. m. The arriving time at Daytona is 1 a. m., Miami 12:45 a. m., Key West 4:30 p. m.
